Detailed description: This figure shows a graphical user interface for a travel-related application. It features a large rectangular frame containing an outline map of the United Kingdom and Ireland. Below the map, there are two text input fields. The first field is preceded by the label 'Please Enter Your Departure Address' and has a pointer '17' indicating the text. The second field is preceded by the label 'Please Enter Your Destination Address' and has a pointer '21' indicating the text. To the right of these fields are two rectangular boxes, labeled '19' and '23' respectively. A 'Submit' button, labeled '27', is positioned to the right of the second input field. The entire interface is enclosed in a border, with labels '11' and '15' at the top corners.

The map shows a route starting from Heathrow, heading east on the M4. At junction 4, the route turns north onto the M25. At junction 27, the route turns north onto the M11. At junction 13, the route turns east onto the A1303, leading to Cambridge. The M25 is highlighted with a thick black line.

1. Take the Northbound M4

2. At junction 4 of the M4 turn off onto the M25 towards Rickmansworth

3. At junction 27 of the M25 turn off onto the northbound M11

4. At junction 13 of the M11 turn off onto the A1303 until you arrive at Cambridge
